ORDER:

In exercise of the power conferred by clauses (1) and (2) of article 371-D of the Constitution of India, the President has made, with respect to the State of Andhra Pradesh, the Andhra Pradesh Educational Institutions (Regulation of Admissions) Order, 1974. This Presidential Order was published at pages 1383/ of the Gazette of India Extraordinary, Part II-Section 3, Sub-section (i) dated the 1st July, 1974. It had come into force on the same day. The Order was Re-published in Andhra Pradesh Gazette Extraordinary dated the 3rd July, 1974, through the Government Order first read above. A copy of the order, as amended up to date is appended.

2. The Andhra Pradesh Educational Institutions (Regulations of Admissions) order, 1974 provides for reservation of seats in favour of local candidates in courses of study provided by the Universities and other educational institutions subject to the control of the State Government. Paragraph 9 of the Order lays down that the provisions of that order shall have effect not with standing any thing contained in any statute ordinance rule, regulation or other order (whether made before or after the commencement of the Order) in respect of admissions to any University or any other educational institutions subject tot the control of the State Government. Paragraph 10 of the said order, however, declares that nothing in the orders shall affect the operation of any provisions made by the State Government or other Competent Authority (whether before or after the commencement of the order) in respect of reservations in the matter of admission to any University or other Educational Institution in favour of women, socially and educationally backward classes of citizens, the scheduled castes and the Scheduled Tribes in so far as such Provisions are not inconsistent with the order.

3. After the coming into force of the above Presidential order, with effect form 1-7-1974, admission to the educational institutions in the entire State are to the made in the light of the provisions of the said order. According to Paragraph 4 of the order a candidate for admission to any course of study shall be regarded as a local candidate in relation to a local area.

(a) If he has studied in an educational institution or educational institutions in such local area for a period of not less than four consecutive academic years ending with the academic years in which he appeared or, as the case may be, first appeared in the relevant qualifying examination. Or

(b) where during the whole or any part of the four consecutive academic years ending with the academic year in which he appeared or, as the case may be, first appeared for the relevant qualifying examination, he has not studied in any educational institution, if he has resided in that local area for a period of not less than four years immediately preceding the date of commencement of the relevant qualifying examination in which he appeared, or, as the case may be, first appeared.

4. I, must be noted that para 4(a) as extracted above covers the cases of those candidates who studied in an educational institution or educational institutions for a period of not less than four consecutive academic years ending with the academic year in which he appeared or, as the case may be, first appeared in the relevant qualifying examination, while para 4(b) applies to the case of other candidates. For purposes of para 4(a) educational institutions has been defined as a University or any educational institutions recognized by the State Government, a University or other competent authority. The eligibility of candidate who has studied during any part of the four years period in an unrecognized institution will have to be dealt with under para 4(b). While considering the eligibility of a candidate to be regarded as considering as a local candidate, under paragraph 4(a) of the Order by virtue of four consecutive years of study in a local area, it should be noted that in reckoning the consecutive academic years of study, any interruption in the period of his study by reason of his failure to pass any examination shall be disregarded. For instance, a candidate who has studied the IXth and Xth Classes and the Junior and Senior Intermediate Classes in institutions of the same local area with a break of one year after the Xth class on account of failure to pass the Xth class examination at the first attempt, shall be regarded as a local candidate in relation to that local area for admission to a degree course in any institution in that area.

5. The above definition of the local candidate (as it stood until it was amended with effect from 25-11-1976) had given rise to certain situations wherein some of the candidates belonging to the state of Andhra Pradesh who have studied or resided through/ within the State come to be / out regarded as non-local candidates in all the local areas within the state. In order to avoid such a situation, the Government of India have since issued the Andhra Pradesh Educational Institutions (Regulation of Admissions) second amendment order, 1976 amplifying the said definition in paragraph 4 of the order.

6. The Andhra Pradesh Educational Institutions (Regulation of Admissions) second Amendment Order, 1976 inserts a new sub-paragraph in the said 1974 Order – viz sub-paragraph (2) to paragraph 4 thereby making provision for considering the claims of persons, who under the old definition would have become non-local in relation to all local areas in the State. According to sub-para (2) (a) of para 4, after amendment, if such a candidate has studied in educational institutions in the State for a period of not less than seven consecutive academic years ending with the academic year in which he appeared or, as the case may be, first appeared for the relevant qualifying examination, he shall be regarded as local candidate in relation to that local

::3::

area where he had studied for the longest period out of the said period of seven years. In the event of the periods of study in two or more local areas being equal he shall be regarded as "local candidate in relation" to that local area where he studied during the last of the said equal periods. Clause (b) to sub-para (2) applies to a candidate who, during the whole or any part of the seven consecutive academic years ending with the academic year in which he appeared or as the case may be, first appeared for the relevant qualifying examination has not studied in educational institutions in any local area but has resided in the state during the whole of the said seven years, the candidate shall be regarded as a local candidate in relation to "local area where he has' resided for the longest period \_\_\_\_\_ the seven years period. This residence test will be applied to candidates to whose cases there is a gap in study, occasioned otherwise than by reason of a failure to \_\_\_\_\_ in an examination, in the prescribed full term of seven years immediately preceding the relevant qualifying examination. It has also been provided that where the periods of residence in two or more local areas are equal' such a candidate shall be regarded as a local candidate in relation to the local area where he resided last in such equal periods. The application of the liberalized definition made through the Second Amendment Order are illustrated by the examples given in the Annexure—

7. Through the same second Amendment Order, 1976 /to referred /above Paragraph 3 of the Presidential Order has been suitably amend to clarify that the local area relatable to the Andhra University shall also be the local area in respect of' the Nagarjuna University and that the local area relatable to the Osmania University will also be the local area .relatable to Kakatiya University which have been established with headquarters at Kaza, nambur, Guntur and Warangal respectively under the relevant University Acts, 1976.

8. "Relevant qualifying examination has been explained in the President Order as the examination a pass in which.\_\_\_\_\_. Educational qualification for admission to the course of study for while admission is sought. For example in the case of admission to the MBBS course, the minimum educational qualification required at present is a pass in the "intermediate examination. While a candidate which' possesses B.Sc., degree `will also be eligible for admission, in order to determine whether the candidate. is a "local candidate or not the period of study or residence, as the' case may be immediately before the first appeared for the Intermediate examination along should be' taken into consideration. Further, in the case of a candidate, who did not pass `the .minimum qualifying examination in the `first attempt and therefore appeared for it more than once, the period of study or residence has to be computed with reference to his first appearance such examination. Candidates who do not satisfy the conditions laid down in Paragraph 4 in relation to any local area shall not be regarded as local' candidates of the local area.

9. Having regard to the above, the Government have directed the for the purpose of admission into educational institution, those who claim to be local candidates with reference to para 4(1) (a) or para 4(2)(a) of the Andhra Pradesh Educational institutions (Regulation of Admissions).Order,1974 should produce evidence in the form of study certificates issued by the Heads of the educational institutions concern indicating the details of the year of years

::4::

in which the candidate has studied in an educational institution/ Institutions in such local area for a period of not less than four or seven consecutive academic years ending with the academic year in which he appeared or, as the case may be, first appeared in the relevant qualifying examination. Those who do not qualify as local candidates under para 4(1)(a) or 4(2)(b) but claim to qualify by virtue of residence under para 4(1)(b) or para 4(2)(b) of the said Order should produce a certificate issued by an Officer of the Revenue Department not below the rank of Tahsildar in the form annexed Vide Annexure-II

10. The Government have carefully considered the manner of implementation of reservation in favour of local candidates provided in the Presidential order taking into account the provisions made in respect of reservation in favour of Schedules Castes, Schedule Tribes, Backward Classes, Women etc., in the State and have directed that the procedure set out in the two Annexures should be followed in the implementation of the reservation in favour of local candidates provided under the Order. As clarifications were being sought on the question as to who should be considered eligible to apply as candidates belonging to the State of Andhra Pradesh for he purpose of admission to courses of studies offered by the educational institutions, subject to the control of the State Government, against the 15% of the available seats kept unreserved in terms of the Andhra Pradesh Educational Institutions (Regulation of Admissions) Order, 1974 the Government after careful consideration have directed that the following categories of candidates may be treated as eligible to apply for admissions to educational institutions in the State, subject to the control of the State Government; as candidates belonging to the State of Andhra Pradesh against-the 15% of the available seats left un- reserved in terms of the residential order

PROCEDURE FOR IMPLEMENTATION OF THE RESERVATION IN FAVOUR OF LOCAL CANDIDATES PREOVIDED UNDER THE ANDHRA PRADESH EDUCATIONAL INSTITUTIONS (REGULATION OF ADMISSIONS) ORDER, 1974 IN RESPECT OF NON-STATE-'WIDE UIIVEI1SITIES AND OTHER NON-STATE—WIDE EDUCATION .INSTITUTIONS (WHICH ARE SUBJECT TO THE CONTROL OF THE STATE GOVERNMENT)

1. The number of "available seats" in the course of study shall first be computed by deducting from the total number of seats provided in that course the number of seats reserved for candidates from outside the State.

2. The number of seats reserved in favour of local candidates in relation to the local area in respect of the 'University' or other educational institution concerned shall then be determined; 'this number shall be 85% of the available seats, any fraction of a seat being 'counted as one provided that there shall be at least one unreserved seat.

3. From amoi5est all eligible applicants, whether such applications are local candidates or not, a provisional list of admission to file all the available seats shall drawn up, This provisional list shall be prepared on the basis of the relative merits of all eligible applicants and the reservations in favour of scheduled castes, scheduled. tribes, backward classes Women etc., as provided under the relevant rules of admission.^ The candidates included in the provisional admission list shall be arrange in order of merit or where the rules of, admission provide 'for their arrangement if any other order, in the order\_\_ provided.

::9::

4. The provisional admission list shall be scrutinized to ascertain the number of local candidates finding a place in that list. If the number of local candidates finding a place in the provisional admission list equals or exceeds the number of seats reserved in favour of local candidates, Such provisional admission list shall be deemed to be final admission list

5. If, however, on the scrutiny referred to in Para 4, it is found that the number of local candidates finding a place in the said provisional admission list falls short of the number of seats reserved in favour of local candidates, the local candidates not included in the provisional admission list shall be arranged in order of merit in a separate list referred to as Remainder list, thereafter, the candidates other than local candidates (referred to as 'non – local' candidates) finding a place in the provisional admission list shall be successively eliminated in reverse order from the bottom of such list and replaced by local candidates selected in order of merit from the Remainder list, so, however that the provisions in the rules of admission for reservation in favour of scheduled caste, scheduled tribes, backward classes, women etc,. are observed to the extent that they are not inconsistent with the provisions of the Andhra Pradesh Educational Institutions (Regulation of Admission) order 1974. This process of successive elimination of non-local candidates and their replacement by local candidates shall be continued until the number of local candidates in the provisional admission list equals the number of seats reserved for such candidates. At that stage the provisional admission list as so modified shall be deemed to be the final admission list.

#### ILLUSTRATIONS

Illustration:- A: The number of available seats in a course of study is 101, then the number of seats reserved in favour of local candidates will be 85% of 101 with the fraction being counter as one. Thus, the number of seats reserved in favour of local candidates will be 86,.If in the provisional admission list the number of local candidates equals or exceeds 86 such provisional admission list shall be deemed to be final admission list.

illustration:-B: If in the case referred to under Illustration A the number of local candidates in the provisional admission list is 84, the 2 non- local candidates at the bottom of the provisional admission list shall be eliminated and replaced by 2 local candidates from the remainder list. The provisional list so modified shall be deemed to be the final admission list.

illustration:-C: If in the case referred to under illustration B above one of the non-local candidates at the bottom of the provisional admission list who is proposed to be eliminated is a scheduled caste candidate whose replacement by non-scheduled caste candidates will violate the rule of reservation in favour of scheduled castes, such non-local scheduled caste candidates shall be replaced by the first available local scheduled candidates in the remainder list.

Illustration: D If in the case referred to under Illustration: C above, it is found that there is no local Scheduled Caste candidate available in the Remainder list to replace the non—local schedule caste candidate, then the non—local Scheduled caste candidate in the provisional admission list shall be allowed to remain in such list and the 'non—local non—scheduled caste candidate immediately above him In such list shall be eliminated and replaced by a local candidate from the Remainder list.

PROCEDURE FOR IMPLEMENTATION OF THE RESERVATION IN FAVOUR OF LOCAL CANDIDATES PROVIDED UNDER THE ANDHRA PRADESH EDUCATIONAL INSTITUTIONS (REGULATION OF ADMISSIONS) ORDER,1974 IN RESPECT OF STATE—WIDE UNIVERSITIES AND STATE— WIDE EDUCATIONAL INSTITUTIONS (WHICH ARE SUBJECT TO THE CONTROL OF THE STATE GOVERNMENT):

1. The number of available seats in the course of study shall first be computed by deducting from the total number of seats provided in that course the number of seats reserved for candidates from outside the State,

2. If the number of available seats does not exceed

3. The provisions relating to reservation in favour of local candidates shall not apply to such course. Where, however, the number of available seats exceeds 3 further action should be taken in the manner set out in the following paragraph.

3, The number of seats reserved in the aggregate in favour of local candidates in relation to all the three University local areas, namely the Andhra University area, the Osmania University area and Sri Venkateswara University area shall be determined, this number shall be 85% of the available seats, any fraction of a seat being counted as or provided that there shall be at least one unreserved seat.

.4. The number of seats reserved in the aggregate in favour of local candidates of all the three University areas having been determined as provided under paragraph 3, the number of such, reserved seats allocated in favour of the candidates of each of the three University area shall then be determined. For this purpose the number of reserved seats shall be allocated amongst the local candidates of the Andhra University, Osmania University and Sri Venkateswara University local areas in the ratio 42:36:22 respectively. While allocating the reserved seats, fractions of a seat shall be adjusted by counting the greatest fraction as one and if necessary also the greater or remaining fractions as another, and where the fraction to be so counted cannot be selected by reason of fractions being equal, the selection shall be by lot. There shall however be at least one seat allocated for the local candidates in respect of each local area.

5. From amongst all the eligible applicants whether such applicants are local candidates in relation to any of the three University local areas or not, a provisional list of admissions to fill all the available seats shall be drawn up. This list shall be prepared on the basis of the relative merits of all the eligible applicants and the reservations in favour of scheduled castes, scheduled tribes, backward classes, Women etc., as provided in the relevant rules of admission. The candidates included in the provisional admission list shall be arranged in order, of merit or where the rules of admission provide for their arrangement in any other order in the order as provided.

6 The provisional admission list shall be scrutinised to ascertain the number of local candidates in relation to each University local area that find a place in that list. If the number of local candidates in relation to each University area that find a place in the provisional admission list equals or exceeds the number of seats reserved and allocated in favour of the local candidates of each such area then such provisional admission list shall be deemed to be the final admission list,

7. it, however, on the scrutiny referred to in para 6 above is found that the number of local candidates in relation to any one or more University areas falls short of the number of seats reserved in favour of the local candidates of such University area or areas" (referred to as "deficit University area or areas") the local candidates in relation to the deficit University area or areas, not included in the provisional admission list, shall be arranged in order of merit in a separate list' referred to as the remainder list. Thereafter candidates finding a place in the provisional admission list and belonging to either of the following two categories

Viz.

(a) Non-Local candidates (i.e., those who are not local candidates in respect of the three University.

(b) Local candidates of any University area who are in excess of the number of seats reserved and allocated in favour of the local candidates of such University area shall be successively eliminated in reverse order from the bottom of the provisional admission list and shall be replaced by local candidates in relation to the deficit University area or areas selected in order of merit from the Remainder list; so however, that the provisional relating to reservations in favour of Scheduled Castes, Scheduled Tribes, backward classes, women etc. are observed to the extent that these are not inconsistent with the Andhra Pradesh Educational Institution (Regulation of Admission) Order, 1974.

Whereas a result of the elimination of candidates falling under category (b) above the number of local candidates in relation to any University area remaining in the provisional admission list has been reduced so as to equal the number of seats reserved and allocated in favour of the local candidates of the University area, there shall be no further elimination of candidates in respect of that University area. Likewise where as a result of the replacement by candidates from the Remainder list the number of local candidates in relation to any University area included in the Provisional admission list has gone up so as to equal the number of seats reserved and allocated in favour of the local candidates in relation to that University area, there shall be no further replacement by local candidates in relation to that University area from the Remainder list. This process of successive elimination and replacement shall continue until the number of local candidates in respect of each deficit University area or areas, as the case may be, in the provisional admission list equals the number of seats reserved and allocated in favour of the local candidates in respect of such University area or areas; at that stage, the provisional admission list as so modified shall be deemed to be the final admission list,

ILLUSTRATION

Illustration — A: The number of available seats in a course of study is 101. The number of seats reserved in the aggregate in favour of local candidates in relation to all the three University local areas Viz, Andhra University, Osmania University and Sri Venkateswara University will be 85% of 101, the fraction being counted as one. Thus the total number of reserved seats will be 86. Those 86 seats will have to be allocated against the local candidates in relation to the three University areas in the ratio of 42: 36:22. This

::12::

will result in an allocation of 36  $\frac{12}{100}$ , 30  $\frac{96}{100}$  and 18  $\frac{92}{100}$ , Treating the fractions in the manner set out in paragraph 4 above, the number of seats reserved and allocated in favour of Andhra, Osmania and Sri Venkateswara University areas will be 36, 31 and 19 respectively. If in the provisional list of admissions the number of local candidates in relation to the three University areas is 38, 34 and 22, (the remaining 7 being non-local candidates) the provisional list shall be deemed to be the final admission list,

ILLUSTRATION. B: If in the case referred to under illustration A, above, the number of local candidates in relation to the Andhra, Osmania and Sri Venkateswara University areas, are 38, 29 and 18 respectively, (the remaining 16, being non-local candidates) the Osmania and Sri Venkateswara University local areas will have to be treated as deficit University areas, the deficit being 2 seats in respect of the Osmania University area and one seat in respect of Sri Venkateswara University area, The number of local candidates in relation to the Andhra University area has exceeded the total number of seats reserved and allocated in favour of that University area by two. Therefore, three candidates from amongst those who are non-local candidates or local candidates in relation to the Andhra University area will have to be eliminated from the bottom of provisional admission list and replaced by two local candidates in relation to Osmania University area and one candidate in relation to Sri Venkateswara University area from the Remainder list, However while there will be no restriction on the number of non-local candidates to be eliminated from the list, the number of local candidates in relation to the Andhra University area who may so be eliminated in the present case shall not exceed two since after the elimination of 2 such candidates the number of local candidates in relation to Andhra University area remaining in the provisional admission list will just equal 36 i.e., the number of seats reserved and allocated in favour of such candidates. Therefore if the last 3 candidates at the bottom of the provisional admission list are all local candidates in relation to the Andhra University area, the last 2 - from the bottom shall alone be eliminated and the 3rd candidate to be eliminated shall be the last non-local candidate in the provisional admission list.

Illustration — C: If in the case referred to under, illustration B any of the candidates who is proposed to be eliminated is a Scheduled Caste candidate, whose replacement by a non Scheduled Caste candidate will violate the rule of reservation in favour of Scheduled Castes such Scheduled Caste candidate shall be replaced only by the first available Scheduled caste candidate in the Remainder list who is eligible for such replacement

Illustration - D: If in the case referred to under Illustration C above there is no Scheduled Caste candidate in the Remainder list who is a local candidate in relation to the deficit University area to replace the Scheduled Caste candidate proposed to be eliminated from the provisional admission list the later scheduled caste candidate shall not be eliminated from such list and the non-scheduled caste candidate immediately above him in such list being a candidate falling under a category liable for elimination, shall be eliminated instead.

ORDER:-

The Commissioner of Technical Education, Andhra Pradesh, Hyderabad is informed that the issue of implementing reservations to Scheduled Castes/Scheduled Tribes/Backward Classes in Engineering Admissions has been examined in detail in the light of the judgement of the Supreme Court in Ritesh R. Shah Vs Dr.Y.L.Yamul AIR 1996 SC 1378 which was relied by the High Court of Andhra Pradesh in its judgement, dated 23-2-2000 in W.P.No. 26404 of 1999 & W.A.No. 795/2000 and batch and also in consultation with Backward Classes Welfare Department. The Legislature Committee on Welfare of Backward Classes, in its meeting held on 24-01-2001 has also discussed about the procedure adopted for the implementation of Backward Classes reservations for admission in Engineering Colleges and other professional courses and observed that the same procedure be adopted as followed in the admissions in the M.B.B.S. course. Besides this, there are certain representations from Backward Classes Welfare Association requesting to follow the judgement of the Hon'ble Supreme Court in Ritesh Shah's case in Engineering admissions and to implement the rule of reservation for Scheduled Caste/Scheduled Tribe/Backward Classes in true spirit.

2. The Andhra Pradesh Professional Educational Institutions (Regulation of Admission into Under-graduate Professional courses through Common Entrance Test) Rules, 1993 issued in G.O.Ms.No. 184 Education dated 20-08-1993 stipulate the following reservations, namely:-

- (i) SC's 15%
- (ii) ST's 6%
- (iii) BC's 25% and shall be allocated among the four groups of Backward Classes as follows:-
  - i) Group A - 7 %
  - ii) Group B - 10%
  - iii) Group C - 1%
  - iv) Group D - 7%

3. In the case of 'Ritesh R.Shah Vs. Dr.Y.L.Yamul and others' (A.I.R. 1996 S.C. 1378) the Supreme Court held as follows:-

"A student who is entitled to be admitted on the basis of merit though belonging to a reserved category cannot be considered to be admitted against seats reserved for reserved category. But at the same time the provisions should be so made that it will not work out to the disadvantage of such candidate and he may not be placed at a more disadvantageous position than the other less meritorious reserved category candidates. The aforesaid objective can be achieved if after finding out the candidates from amongst the reserved category who would otherwise come in the open merit list and then asking their option for admission into the different colleges which have been kept reserved for reserved category and there after the cases of less meritorious reserved category candidates should be considered and they will be allotted seats in whichever colleges the seats should be available." In other words, while a reserved category candidate entitled to admission on the basis of his merit will have the option of taking admission in the colleges where a specified number of seats have been kept reserved for reserved category but while computing the percentage of reservation he will be deemed to have been admitted as an open category candidate and not as a reserved category candidate".

4. Keeping in view of the judgement of the Supreme Court, the High Court in its order dated 23.2.2000 in batch of W.P. Nos. including

Contd..3..

W.P.No. 26404 of 1999 and W.A.No. 795 of 1999 relating to MBBS admissions made by the NTR University of Health Sciences has ordered to fix the meritorious SC, ST & BC category students strictly in order of merit for the general seats adhering to the principles laid down by the Supreme Court in the Ritesh R.Shah's Case and accommodate meritorious students belonging to Scheduled Caste/Scheduled Tribe and Backward Classes students by deleting the other students allotted in the open competition from the list and resultant equal number of vacancies shall be filled up by drawing the other meritorious candidates belonging to Scheduled Caste/Scheduled Tribe and Backward Classes communities who will be next eligible. Therefore, it is clear that the resultant vacancies shall be filled by the students belonging to the respective reservation categories only.

5 After careful consideration and due examination of the issue relating to implementation of reservation for Schedule Caste/Schedule Tribe and Backward Classes in Engineering and other Professional Courses the following instructions are hereby issued.

- (i) In the counselling process, the seats to be filled by open competition should be filled up first, wherein the candidates should be called for counselling based on merit alone irrespective of whether they belong to S.C., ST or B.C in accordance with the instructions issued by the Government in G.O.Ms.No. 996, Employment & Social Welfare, dated:11<sup>th</sup> November, 1975.
- (ii) Next, reservation categories like SC/ST/BC candidates will be counselled to fill up the seats earmarked for them in their respective categories. During this process, if a candidate belonging to Scheduled Caste/Scheduled Tribe/Backward Classes who had taken admission under open competition, opts for a better branch or a better college of his choice for which he or she would be eligible as per the rules of reservation, the seat vacated by him or her in open competition shall be filled with a candidate from the same reservation category only, in order of merit.

6. Necessary amendments to the Andhra Pradesh Professional Educational Institutions (Regulation of Admissions into Under-Graduate Professional Courses through Common Entrance Test) Rules, 1993 issued in G.O.Ms.No.184, Education dt.20-8-1993 shall be issued separately.
