

## Dr.NTR UNIVERSITY *of* HEALTH SCIENCES

### Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
1	CARDIO	2016	Effect Of Aerobic And Resisted Training In Upper Extremity On Dyspnea And Health Related Quality Of Life In Copd Patients: A Randomized Control Trail
2	CARDIO	2016	A Comparative Study On The Effect Of Autogenic Drainage And Active Cycle Of Breathing Technique In Copd Patients
3	CARDIO	2016	A Comparative study To Evaluate The Effectiveness Of Incentive Spirometry Versus Deep Breathing Exercise In Preventing Post Operative Pulmonary Complication In Coronary Artery Bypass Grafting Patients
4	CARDIO	2016	Effectiveness Of Upper Body Resistance Training (Ubrt) On Pulmonary Functions In Sedentary Male Smokers
5	CARDIO	2016	Effects Of Extrinsic Threshold PEEP On Post Exercise Dyspnoea In Subjects With Copd
6	CARDIO	2016	Prophylactic Respiratory Physiotherapy Programme After Cardiac Surgery
7	CARDIO	2016	The Influence Of Positive End Expiratory Pressure Associated With Physiotherapy Intervention In Phase I Cardiac Rehabilitation
8	CARDIO	2016	Impact Of Long Bouts And Short Bouts Of Aerobic Exercises On Cancer Related Fatigue And Quality Of Life In Breast Cancer Patients; A Randomized Control Trail
9	CARDIO	2016	Effect Of Autogenic Drainage Vs Active Cycle Of Breathing Techniques On Peak Expiratory Flow Rate In Patients With Chronic Obstructive Pulmonary Diseases
10	CARDIO	2016	A Comparative Study Of Autogenic Drainage And Active Cycle Of Breathing Technique With Postural Drainage In Cystic Fibrosis
11	CARDIO	2016	Effectiveness Of A Home Based Walking Exercise Program On Glycemic Control, Lipid Profile And Bmi In Type II Diabetic Subjects

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
12	CARDIO	2016	Effectiveness Of Papworth Method On Dysfunctional Breathing, Respiratory Rate And Pefr For Adults With Asthma In Primary Care
13	CARDIO	2016	Effectiveness Of Home Based Cardiac Rehabilitation On Functional Capacityin Postcabg
14	CARDIO	2016	Efficacy Of Pursed Lips Breathing With Forced Expiration Techniques And Active Cycle Of Breathing Technique On Pulmonary Mucus Clearance In Chronic Respiratory Disease
15	CARDIO	2016	The Effects Of Aerobic Training Versus Circuit Based Exercise Program In Obese
16	CARDIO	2016	Effectiveness Of Ground Walking Versus Stair Climbing On Exercise Capacity In Subjects With Moderate Chronic Obstructive Pulmonary
17	CARDIO	2016	Effectiveness Of Upper Limb Training Versus Lower Limb Training In Improving Exercise Performance In Subjects With Chronic Obstructive Pulmonary
18	CARDIO	2016	Comparitive Study On Buteyko Techinque Versus Pranayama On Pulmonary Function In Subjects With Asthema
19	CARDIO	2016	Effectiveness Of Lung Flurte Therapy Versus Conventional Chest Physiotherapy On Pulmonary Funtion In Subjects With Chronic Bronchitis
20	CARDIO	2016	Testing The Effect Aerobic Training (Moderate/Vigorous On Healthy Young Adults In Terms Of Vo2 Max Using Plowman And Smith Method On Stationary Bicycle Ergometer
21	CARDIO	2016	Quality Of Life, Pre And Post Rehabilitation In Patients With Copda Quantitative And Qualitative Analysis
22	CARDIO	2016	Effect Of Early Mobiliation On Exercise Tolerance Following Lobectomy
23	CARDIO	2016	Different Respiratory Patterns On Upper Limb Exercise Capacity In Patitents With Copd

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
24	CARDIO	2016	Effect Of Spinning Exercise In Improving Cardiovascular Function In Rheuma Toid Arthritis Patients
25	CARDIO	2016	Effectiveness Of Intercostal Stretch In Copd Patients
26	CARDIO	2016	Assessment Of Aerobic Capacity In Offsprings Of Hypertensive Versus Normotensive Parents
27	CARDIO	2016	Assessment Of Vo2Maxin Bharatnatyam Dancers And Kuchipudi Dancers: A Comparative Study
28	CARDIO	2016	Comparision Of Acute Cardio Vascular Response To Active Exercise In Stroke Patients With And Without Hypertension
29	CARDIO	2016	Effects Of Cardiac Rehabilitation And Home Exercise Program After Post Coronary Artery Bypass Grafting
30	CARDIO	2016	Effect Of Out Patient Rehabilitation On Quality Of Life In Patients With Chronic Obstructive Pulmonary Disease
31	CARDIO	2016	Effect Of Chest Physiotherapy Versus Flutter On Airway Clearance In Patietns With Bronchectasis
32	CARDIO	2016	Assessment Of Physical Fitness And Vital Parameters In Normal And Obese Children Agaged 7-15 Years A Comparative Study
33	CARDIO	2016	Comparative Study On Pulmonary Function In Viariation In Body Size
34	CARDIO	2016	A Compararive Study Of Effectiveness Of Active Cycle Of Breathing Vs Incentice Spirometry In Thoracotomy Patients

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
35	CARDIO	2016	A Study Of Find Out The Effectiveness Of Chest Physiotherapy Techniques Used In Pediatric Intensive Care Unit (Picu)
36	CARDIO	2016	A Study To Find Out The Effectiveness Of Aerobic Exercises On Blood Pressure Inresistant Hypertension
37	CARDIO	2016	Effectiveness Of Active Cycle Breathing Technique Versus Incentive Spirometry In Patients With Coronary Artery Bypass Grafting
38	CARDIO	2016	A Study To Find Efficacy Of Chest Physiotherapy On Ventilator Dependency And Length Of Stay In Cardio Thoracic Intensive Care Unit-A Randomized Clinical Study
39	CARDIO	2016	Role Of Bronchial Hygiene In The Physiotherapy Management Of Adult Parients With Pneumonia Admitted To Hospital, - A Randomised Controal Study
40	CARDIO	2016	Effect Of Expiratory Muscle Training In Chronicobstructive Pulmonary Disease Patietsn - A Randomized Control Study
41	CARDIO	2016	The Effectiveness Of Incentive Spirometry With Conventional Physiotherapy In Coronary Artery Bypass Surgery Patients
42	CARDIO	2016	Effect Of 12 Week Out-Patinet Exercise Program In Improving Cardiovascular Fitness In Patients With Diagnosed Coronary Heart Disease
43	NEURO	2016	The Effectiveness Of Balance Training On Fear Of Fall In Idiopathic Parkinson'S Disease Subject - A Pilot Study
44	NEURO	2016	Comparative Study Of Functional Electtrical Stimulation And Task Related Training To Improve The Motor Function Of Upper Limb Extremity In Acute Stroke Patients
45	NEURO	2016	Effectiveness Of Proprioceptive Exercises And Vestibular Exercises To Reduce Fear Of Fall And To Improve Functional Ability In Elderly Population

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
46	NEURO	2016	Effectiveness Of 'Wii' Based Therapy For Improving Upper Extremity Function In Post Stroke Patients
47	NEURO	2016	Effect Of Task Oriented Circuit Training On Functional Mobility And Balance In Children With Spastic Diplegia
48	NEURO	2016	The Effects Of Community Ambulation Training Ambulatory Status And Quality Of Life Chronic Stroke
49	NEURO	2016	The Effectiveness Of Mirror Therapy To Improve Hand Function In Acute Stroke Subjects
50	NEURO	2016	Comparative Study On Bodyweight Support Treadmill Training Versus Task Related Circuit Training On Gait Speed And Functional Performance In Ambulatory Stroke Subjects
51	NEURO	2016	Effect Of Monochromatic Infrared Photo Energy On Pain, Sensation And Balance In Subjects With Diabetic Peripheral Neuropathy
52	NEURO	2016	Effectiveness Of Perceptual Motor Programme Versus Neuro Developmental Therapy On Sitting Ability And Functional Reach Ability In Children With Cerebral Palsy
53	NEURO	2016	Efficacy Of Pilates Exercises Over A Mckenzie Approach In Treating With Non-Specific Low Back Pain Patients
54	NEURO	2016	Effects Of Proprioceptive Training On Postural Stability In Subjects With Diabetic Neuropathy
55	NEURO	2016	Effect Of Peroneal Electrical Stimulation Versus An Ankle Foot Orthosis On Obstacle Avoidance Ability In Patients With Stroke Related Foot Drop
56	NEURO	2016	Functional Outcome Of Efficient Neuro-Rehabilitation Training To Hemiplegic Gait Using Wisconsin Gait Scale

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
57	NEURO	2016	Effects Of Mirrortherapy On Lower Extremity Motor Recovery And Motor Functioning In Subjects After Stroke
58	NEURO	2016	Prolanged Stretch Tendoachilles On Structural And Functional Components Of Lower Limb In Cheronic Stroke Subjects
59	NEURO	2016	Effect Of Modiefied Constrained Induced Movement Therapy In Motor Recovery Of Older Stroke Patients
60	NEURO	2016	Effect Of Body Weight Support Treadmill Stimulation In Improving Gait Performance In Patients With Parkinson'S Disease
61	NEURO	2016	Roleof Otago Exercises In Prevention Of Falls Among Eldery
62	NEURO	2016	Comparision Of Batrac And Unilateral Arm Training In Sub Acute Stroke Patients
63	NEURO	2016	Effect Of Trunk Training Exercises For Improving Multidirectional Reaching In Patients With Chronic Stroke
64	NEURO	2016	Effectiveness Of Epley'S Maneuver Versus Fans Repositioning Maneuver In Posterior Canal Benign Paroxysmal Positional Vertigo
65	NEURO	2016	Effectiveness Of Perceptual Motor Intervention To Improve Sitting In Children With Cerebral Palsy
66	NEURO	2016	Physiotherapy Exercises On Physioball Versus Exercises On Plinth In Improving Trunk Control In Chronic Stroke Patients - A Comparistive Study
67	NEURO	2016	Effects Of Functional Electrical Stimulation In Improving Wrist Extension In Post Stroke Patients

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
68	NEURO	2016	Effectiveness Of Practical Repositioning Maneuvers To Improve Functional Activities In Patients With Vertigo
69	NEURO	2016	Synergic Effect Of Constraint-Induced Movement Therapy Combined With Mirror Therapy For The Improvement Of Upper Limb Functions In Stroke Patients
70	NEURO	2016	Comparision Of Efficiency Of Electromyography And Nerve Conduction Velocity Studies In Diagnosis Of Diabetic Neuropathy
71	NEURO	2016	A Study To Compare The Effectiveness Of Functional Strength Training Program In Improving The Gait Performance To Conventional Progressive Strength Training Programme In Chronic Stroke Patients
72	NEURO	2016	A Study To Find Out The Effectiveness Of Congnitive Dual Task Verses Motor Dual Task On On Balance Train Ing In Stroke Patients
73	NEURO	2016	Effects Of Exercise Training Programs On Walking Competency After Stroke
74	NEURO	2016	A Study Of Findout Wether Mirrior Therapy Improves Motor Performance In Patients With Paretic Hand After Stroke
75	NEURO	2016	Effec Tiveness Of Trunk Rehabilitation And Balance Training In Improving Trunk Control And Balance In Hemiplegic Patients
76	NEURO	2016	Efficacy Of Nordic Walking In Patients With Parkinson'S Disease
77	NEURO	2016	Effecicay Of Multimodal Vestibular Rehabilitation Compared To Conventional On Functional Capacity And Balance Control In Patients With Unilateral Peripheral Vestibular Lesions
78	NEURO	2016	Efficacy Of Early Introduction Of Task Specific Exericse In Vestibular Rehabilitation To Reduce Dizziness And Postural Instability In Patients With Post-Operative Vestibular Schwannomma

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
79	NEURO	2016	Efficacy Of Emg-Biofeedback Treatment Compared To Modified Constraint Induced Movement Therapy In Recovery Of Affected Upper Extremity In Subacute Stroke Patients
80	NEURO	2016	Efficacy Of Two Proprioceptive Neuro Muscular Facilitation Training On Muscle Endurance And Functional Performance In Management Of Sub-Acute Low Back Pain
81	NEUROLOGY	2016	Aerobic Training On Stationary Bicycle Versus Longterm Multimodal Exercises To Improve The Functional Mobility In Patients With Parkinson'S Disease.
82	NEUROLOGY	2016	Management Of Gait In Parkinson'S Disease Patients With Freezing Using Bicycle Ergometer, With And Without Auditory And Visual Cues
83	NEUROLOGY	2016	Compare The Effects Of Pnf Technique Versus Core Strengthening Stabilization Exercises For Trunk And Pelvis Adjunct To Gait Training To Improve Gait And Functional Mobility In Stroke
84	NEUROLOGY	2016	Comparative Study Between The Rhythmic Initiation And Repeated Stretch Of Pnf Techniques Along With Electrical Stimulations In Idiopathic Bell'S Palsy
85	NEUROLOGY	2016	The Effectiveness Of Hand Function Training Program In Improving The Hand Grip Strength In Hemiplegic Cerebral Palsy Children
86	NEUROLOGY	2016	A Study To Find Out The Strength In The Ipsilateral Upper Limb Of Stroke Patients In Comparison With Normal Individuals
87	NEUROLOGY	2016	Combined Effect Of Mirror Therapy And Neuromuscular Electrical Stimulation On Lower Extremity Motor Recovery In Stroke
88	NEUROLOGY	2016	Hand-Arm Bimanual Intensive Therapy (Habit) Increases The Functional Use Of The Affected Upper Extremity In Children With Hemiplegic Cerebral Palsy
89	NEUROLOGY	2016	The Effect Of Circuit Training On Gross Motor Function In Young Adults With Spastic Diplegia

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
90	NEUROLOGY	2016	Effect Of Mirrortherapy On Lower Extremity Motor Recovery And Motor-Functioning In Subjects After Stroke
91	NEUROLOGY	2016	Comparing The Auditory Cue Verses Visual Cue Feedback For Trcnk Control In Post Stroke Patients
92	NEUROLOGY	2016	Comparison Of Functional Strength Training And Progressive Resistance Strength Training Programme In Improving Gait Performnace In Chronic Stroke Patients
93	NEUROLOGY	2016	To Compare The Effects Of Bilateral And Unilateral Movement Training On Upper Limb Function In Patients With Chronic Stroke
94	NEUROLOGY	2016	Effect Of Neuromuscular Electrical Stimulation And Strength Training To Wrist Extensors On Functional Abilities Of Upper Lims With Stroke Patients: A Randomized Controlled Trail
95	ORTHO	2016	Determination Of Incidence Of Pectoralis Minor Muscle Shortening And Its Effective Stretching Along With Conventional Therapy In Adhesive Capsulitis
96	ORTHO	2016	Effectiveness Of Hydrodilatation Along With Conservative Physiotherapy In Adhesive Capsulitis
97	ORTHO	2016	Effectveness Of Cryokinetics In Compatisation With Effectiveness Of Ultrasound Therapy In Treatment Of Acute Supraspinatus Tendinitis
98	ORTHO	2016	Effectiveness Of Core Stabilization Added With Cocontraction Of Ankle Dorsiflexors With Core Stabilization Alone On Functional Outcome In Subjects With Back Pain
99	ORTHO	2016	Effectveness Of Closed And Open Kinematic Chain Exercises In Improving Muscle Strength, Range Of Motion And Balance In Subjects With Meniscal Injuries
100	ORTHO	2016	Effectiveness Of Soft Tissue Mobilisation And Pnf Glenohumeral External Rotation And Over Head Activities In Subjects With Supraspinatus Endinitis

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
101	ORTHO	2016	Comparison Of Mulligan Mobilization With Movement And End-Range Mobilization Following Maitland Techniques In Patients With Adhesive Capsulitis In Improving Range Of Motion
102	ORTHO	2016	Effectiveness Of Individualised Physiotherapy Along With Standard exercise Protocol On Pain And Functioning Compared To Standard Exercise Protocol Alone In Patients With Sub Acromial Impingements Syndrome
103	ORTHO	2016	Effect Of Proprioceptive Neuromuscular Facilitation Programs On Muscle Endurance And Functional Performance In Women With Chronic Low Back Pain
104	ORTHO	2016	Effectiveness Of Mulligan Mobilisation Versus Eccentric Exercise In Subjects With Lateral Epicondylitis
105	ORTHO	2016	Efficacy Of Mulligan Technique Versus Muscle Energy Technique Of Functional Ability In Subjects With Adhesive Capsulitis
106	ORTHO	2016	Compare The Effectiveness Of Static Stretching Versus Muscle Energy technique On Hamstring Tightness Among Student Population
107	ORTHO	2016	Comparing The Efficacy Of Ischemic Compression Technique Vs Post-Isometric Relaxation Technique In Active Trigger Point Of Upper Trapezius By Using Self-Assembled Pressure Algometer
108	ORTHO	2016	A Comparative Study Of Proprioceptive Exercises Versus Conventional Exercises In Patients With Osteoarthritis Of Knee Joint
109	ORTHO	2016	To Study The Effectiveness Of Trunk Balance Exercises By Using Swiss Ball In Improving Pain And Quality Of Life In Patients With Chronic Low Back Pain
110	ORTHO	2016	To Study The Effectiveness Of High Grade Mobilization Techniques Along With Scapular Stabilization Exercises To Improve The Range Of Motion And Upper Limb Functional Activity In Frozen Shoulder Patients
111	ORTHO	2016	Comparison Of Joint Mobilization With Proprioceptive Neuromuscular Facilitation In Adhesive Capsulitis

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
112	ORTHO	2016	Effectiveness Of Retro Walking In Improving Joint Proprioception Following Anterior Cruciate Ligament Reconstruction
113	ORTHO	2016	Comparison Of Dry Needling And High Power Pain Threshold Static Ultrasound To Release The Myofascial Trigger Points In Upper Trapezius
114	ORTHO	2016	The Effect Of Muscle Energy Technique Versus Lumbar Stabilization Exercise On Pain, Range Of Motion And Disability In Mechanical Low Back Pain - A Comparative Study
115	ORTHO	2016	Effectiveness Of Positional Release Technique Versus Muscle Energy Technique In Sub Acute Trapezitis
116	ORTHO	2016	Effect Of Patellar Taping And Vastus Medialis Oblique Strengthening Exercises On Center Of Pressure In Knee Osteoarthritis
117	ORTHO	2016	Effect Of Mobilization With Movement Technique On Elbow And Wrist In Lateral Epicondylitis Patients
118	ORTHO	2016	Effectiveness Of Muscle Energy Technique On Temporomandibular Joint Dysfunction
119	ORTHO	2016	Straight Leg Raise (Slr) Exercise Versus Static Quadriceps Exercise On Pain Relief In Osteo Arthritis Knee - A Comparative Study
120	ORTHO	2016	To Evaluate The Effectiveness Of Anteroposterior Glide Versus Conservative Management In Increasing Dorsiflexion Range Of Motion In Post Traumatic Ankle Injuries
121	ORTHO	2016	A Study To Find Out The Combined Effects Of Ultrasound Therapy And Modified Knee Exercises In Patients With Patello Femoral Pain Syndrome
122	ORTHO	2016	A Study To Find Out The Effect Of Stretching And Strengthening And Combination Of Both On The Ankle Joint Musculature On Balance In Elderly

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
123	ORTHO	2016	A Study To Compare The Effectiveness Of Ultraound Therapy And Moist Heat Therapy With Ultrasound Therapy In Lateral Epicondylitis
124	ORTHO	2016	Effectiveness Of Scapular Clock Exercises In The Initial Phases Of Post-Operative Rotator Cuff Rehabilitation
125	ORTHO	2016	A Comparitive Study Between Accelerated Rehabilitation Versus Conventional Rehabilitation After Acl Reconstruction
126	ORTHO	2016	Ultrasound Findings In Tennis Elbow Following Progressive Resisted Exercises
127	ORTHO	2016	Effects Of Ultrasound On Pain And Mobility In Osteoarthritis Of Knee A Randomized Controlled Trial
128	ORTHO	2016	Effect Of Conventional Therapy Versus Maitland Mobilization Following Colles Fracture
129	ORTHO	2016	Efficacy Of Swiss Ball Exercises And Pelvic Floor Exercise In Reducing Pain And Improving Functional Ability In Women With Chronic Non Specific Low Back Pain: An Experimental Study
130	ORTHO	2016	Efficacy Of Muscle Energy Technique Compared To Passive Joint Mobilization On Functional Ability In Patients With Adhesive Capsulitis Of Shoulder
131	ORTHO	2016	Effectiveness Of Supervised Clinical Exercises With Multiangle Isometrics Versus Home Exercise Program Alone In Improving Functional Ability In Patients With Osteoarthritis Of Knee
132	ORTHOPAEDICS	2016	Effectiveness Of Aerobic Exercise In Adjunct To Flexibility Training In Individuals With Fibromyalgia Syndrome A Randomised Controlled Trial
133	ORTHOPAEDICS	2016	Electromyographic Analysis Of Shoulder Musculature With And Without Oscillatory Pole

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
134	ORTHOPAEDICS	2016	To Compare The Effectiveness Of Cryotherapy And Heat Therapy In Patients Of Osteoarthritis Of Knee
135	ORTHOPAEDICS	2016	The Effects Of Anterior Versus Posterior Glide Joint Mobilization In Improving Functional Activity Of The Shoulder In Patients With Adhesive Capsulitis
136	ORTHOPAEDICS	2016	Comparison Between The Efficacies Of Pulsed Ultrasound Versus Stretching With Strengthening Exercises In The Treatment Of Lateral Epicondylitis
137	ORTHOPAEDICS	2016	Comparing The Efficacy Of Neck Retraction Exercises With Ultra Sound Therapy Versus Muscle Energy Technique On Patients With Mechanical Neck Pain Having Forward Neck Posture Using Neck Disability Index
138	ORTHOPAEDICS	2016	Effect Of Myofascial Release Over Taping Technique In Patients With Chronic Plantar Fasciitis
139	ORTHOPAEDICS	2016	Effects Of Lumbar Traction On Pain & Function In Patients With Low Back Ache
140	SPORTS	2016	Comparison Between Mulligan Bend Leg Raise Technique And Butler Neural Mobilization On Pain And Straight Leg Raise In Low Back Pain Subjects
141	SPORTS	2016	A Study To Compare The Effectiveness Of Eccentric Exercises And Plyometrics With Ultra Sound In The Management Of Lateral Elbow Tendinopathy (Tennis Players)
142	SPORTS	2016	A Study To Compare Multi Dimensional Characteristics Between District Level And State Level Cricket Players
143	SPORTS	2016	A Study To Know The Effects Between Quadriceps and Hamstrings Strengthening Running Performance - A Comparative Study
144	SPORTS	2016	A Study On Myofascial Release Versus Ultrasound Tensor Fasciata In Improving Hip Flexion Range In Pole Vaulters

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
145	SPORTS	2016	A Comparative Study To Find Out The Effect Of Capsular Stretching Over Muscle Energy Technique In The Management Of Frozen Shoulder
146	SPORTS	2016	Comparision Of Deep Heat And Cold For Improving Plantar Flexors Extensibility
147	SPORTS	2016	To Compare The Effectiveness Of Ultra Sound And Diamond Taping Technique Vs Ultra Sound And Deep Friction Massage In Patients With Tennis Elbow
148	SPORTS	2016	Effect Of Core Stability Training On Speed Of Running In Female Cricket Players
149	SPORTS	2016	Comparative Effect Of Static And Dynamic Stretching Exercise To Improve Flexibility Of Hamstring Muscles In Football Players
150	SPORTS	2016	A Comparative Study Of Elastic Tapint Versus Compression Bandage In Acute Grade Ii Ankle Sprain
151	SPORTS	2016	Effect Of Plyometric Training In Improving Jumping Performance In College Level Volley Ball Layers
152	SPORTS	2016	Correlation Of Core Strength, Lowerlimb Strength And Balance With Lowerlimb Injuries In Cricketers
153	SPORTS	2016	Effectiveness Of Neuromuscular Training On Balance, Core Strength And Lower Limb Strength In Volleyball Players
154	SPORTS	2016	Comparision Of High Intensity Interval Training And Soccer Specific Training To Measure Aerobic Capacity In Football Players
155	SPORTS	2016	The Effectiveness Of Myofascial Release Versus Muscle Energy Technique For Plantar Fasciitis In Dancers
156	SPORTS	2016	Effect Of Thrower'S Ten Program Versusplyometric Training On Upper-Body Power In Shorput Players A Comparative Study

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
157	SPORTS	2016	Effect Self Stretching On Flexibility Of Hamstring In Supine Versus Standing - A Comparative Study
158	SPORTS	2016	A Study To Compare The Effectiveness Of Knee Range Of Motion Following Slump Test Versus Static Stretching In Higher Secondary School Children
159	SPROTS	2016	Effectiveness Of Tendon Release Therapy With And Without Eccentric Exercise For Triceps Tendinopathy In Badminton Players
160	CARDIO	2017	A Comparative Study To Assess The Effects Of Resistance Exercise Training In Postcabg Patients
161	CARDIO	2017	Quality Of Life, Pre And Post Rehabilitationin Patients With Copd A Quantitative And Qualitative Analysis
162	CARDIO	2017	Impact Of Aerobic Exercise On Blood Pressure Ad Quality Of Life In Sedentary Prehypertesive Subjects Randomised Control Study
163	CARDIO	2017	Effectiveness Of Inspiratory Muscle Training On Dyspnea And Exercise Tolerance In Grade-iii Obesity-A Randomised Control Study
164	CARDIO	2017	Efficacy Active Cycle Of Breathing Technique Verses Autogenic Drainage In Patients With Bronchiectasis
165	CARDIO	2017	The Respiratory Muscle Training In Subjects Of High Risk Underfoing Cabg To Prevent Post Operative Pulmonary Complications
166	CARDIO	2017	Effects Of Pectoralis Muscle Stretch To Improve Pulmonary Function In Copd Patients An Experimental Study
167	NEUROLOGY	2017	A Study To Evaluate The Interrater Reliability Of Action Research Arm Test In Measuring Hand Function Of Stroke Patients

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
168	NEUROLOGY	2017	The Efficacy Of Backward Training Improve Gait In Stroke Patients
169	NEUROLOGY	2017	Effect Of Task Oriented Circuit Training On Functional Mobility And Balance In Chiledren With Spastic Diplegia
170	NEUROLOGY	2017	Functional Outcomes Of Lower Limb Of Stroke Patients After Receiving Physiotherapy - Analytical Study
171	NEUROLOGY	2017	Comparison Of Movement Sciences Based Program Versus Bobath Based Program To Improve Balancing Task After Acute Stroke
172	NEUROLOGY	2017	The Effectiveness Of Early Mobilization On Stoke Patients In Neuro Icu-An Experimental Study
173	NEUROLOGY	2017	A Study To Compare The Effectiveness Of Modified Constraint Induced Movement Therapy And Task Related Bimanual Training On Upper Extraemity Functions For Patients With Sub Acute Stroke
174	NEUROLOGY	2017	Comparitive Study Of Brunstrom Hand Manipulation And Motor Relearning Programme In Hand Rehabilitation Of Chronic Stroke Patients
175	NEUROLOGY	2017	The Effect Of Laser Therapy Combined With Exercises On Pain And Neck Disability In Patients With Cervical Pain.A Randomized Controlled Trial
176	NEUROLOGY	2017	Efficacy Of Neural Mobilization Along With Trans Culaneous Electrical Nerve Stimulation In Reducing Pain And Disability In Acute C6-C7 Cervical Radiaculopathy
177	NEUROLOGY	2017	Efficacy Of Aerobic Exercises Compared To Batauce Training In Reducing Risk Of Fall In Patients With Diabetic Periphyeral Neuropathy
178	ORTHOPEDICS	2017	Reliability, Validity Of The Indian (Telugu) Version Of Spadi Scale In A Group Of Patients With Shoulder Disorders

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
179	ORTHOPEDICS	2017	Effectiveness Of Functional Therapy And Mulligan'S Mobilization In Patients With Unilateral Acute Lateral Ankle Sprain
180	ORTHOPEDICS	2017	A Comparative Study Of Cryotherapy And Stretching In Piriformis Muscle Syndrome
181	ORTHOPEDICS	2017	A Comparative Study Oin Effect Of Neural Mobilization In Sciatica Along With Traction And Interferential Therapy
182	ORTHOPEDICS	2017	A Study In Need Of Specific Exercise Programme On Pain And Disability In Patients With Mechanical Neck Pain
183	ORTHOPEDICS	2017	Efficacy Of Muscle Energy Technique (Met) On Quadratus Lumborum In Chronic Non-Specific Low Back Pain
184	ORTHOPEDICS	2017	Effectiveness Of Muscle Stretching And Mobilization Combined With Exercise In Patients With Osteoarthritis Knee
185	ORTHOPEDICS	2017	Effectiveness Of Eccentric Extercise Along With Taping In Management Of Lateral Epicondylitis A Randomesed Control Trail
186	ORTHOPEDICS	2017	Incidence Of Genu Varus And Genu Valgum Deformity In The Population Diagnosed With Chronic Osteoarthritis
187	ORTHOPEDICS	2017	Rtesting The Efficacy Of Myofascial Release Technique With Strengthening Of Intrnsic Foot Muscles Versus Continuous Ultrasound With Strengthening Of Intrinsic Foot Muscles In Treatment Of Plantar Fascitis With Foot Function Index Scale
188	ORTHOPEDICS	2017	Effectiveness Of Balance Training To Improve Function In Patients In Post-Operative Phase Following Total Knee Arthroplasty
189	SPROTS	2017	A Study To Compare Positional Release Therapy Versus Active Release Technique In A Thletes With Jumpers Knee

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
190	SPROTS	2017	A Comparative Study On The Effect Of Plyometric Training And Strength Training Among Male College Volleyball Players
191	SPROTS	2017	The Efficacy Of Wobble Board Training Program In Reducing The Risk Of Ankle Sprains In High School Athletes
192	SPROTS	2017	Effects Of Mulligan Mobilisation Versus Stretchings On The Management Of Piriformis Syndrome
193	SPROTS	2017	A Study To Analyse The Effects Of Plyometrics In Anterior Cruciate Ligament Reconstruction
194	SPROTS	2017	A Study To Analyze The Effectiveness Of Mill'S Manipulation And Deep Transverse Friction As An Adjunct To Conventional Physiotherapy In Lateral Epicondylitis (Tennis Elbow)
195	SPROTS	2017	Effectiveness Of Kinesiotaping And Ift In Shoulder Impingement Syndrome A Randomized Controlled Trial
196	SPROTS	2017	Chronic Lateral Epicondylitis: Comparative Effectiveness Of A Home Exercise Programme Including Stretching Supplemented With Eccentric And Concetric Strengthening
197	SPROTS	2017	Comparison Of 20M-Shuttle Run Test And Yo-Yo Intermittent Recovery Tes For Aerobic Capacity In Tennis Players
198	SPROTS	2017	Effectiveness Of Cyriax Physiotherapy Versus Mulligans Mobilization On Pain, Grip Strength In Patients With Lateral Epicondylitis - A Comparative Study
199	SPROTS	2017	A Comparative Study To Evaluate The Effectiveness Of Ultrasound Versus Foot Manipulation (Myofascial Release) In Athletes With Plantar Fasciitis
200	SPROTS	2017	A Comparative Study To Evaluate The Effectiveness Of Cyriax Deep Friction Massage Versus Phonophoresis In Tennis Elbow Tendinopathy

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
201	ORTHOPAEDICS	2017	Effectiveness Of Active Release Techinique And Muscle Energy Technique In Adhesive Capsulities
202	ORTHOPAEDICS	2017	Effectiveness Of Laser Therapy And Pnf Stretching On Myofacial Trigger Points In Shoulder Pain
203	ORTHOPAEDICS	2017	A Comparative Study Between Kinesiotaping And Heelraise In Patients With Calcaneal Apophysitis
204	ORTHOPAEDICS	2017	A Comparative Study To Find Out The Effects Of Stabilization Exercises And Endurance Exercises In Reducing Pain And Diability In Patients With Neck Pain
205	ORTHOPAEDICS	2017	The Effets Of Strengthening Exercises And Mobilizations In Improving Functional Capacity Of Periathritis Of Shoulder
206	ORTHOPAEDICS	2017	To Compare The Effectiveness Of Eccentric Strengthening Along With Stretching Exercises Over Eccentric Strengthening Alone To Decrease Of Pain And Improving Range Of Motion In Subjects With Lateral Epicondylitis
207	ORTHOPAEDICS	2017	A Study Iib Effectuveness Of Movemet Contrl Exercise V/Sgeneral Exercise To Reduce Disability And Movement Control Impairment In Patients With Low Back Pain
208	ORTHOPAEDICS	2017	A Study On Effectiveness Of Muscle Energy Technique V/S Ischemic Compression Therapy In Treatment Of Upper Trapezius Trigger Points
209	ORTHOPAEDICS	2017	Effectiveness Of Stabilization Exercises And Endurance Exercises With Stabilization Exercises Alone In Reducing Pain And Disability In Patients With Neck Pain
210	ORTHOPAEDICS	2017	To Compare The Effectiveness Of Stretching Of Traezius Along With Muscle Energy Techniques Over Stretching Alone In Forward Head Posture
211	ORTHOPAEDICS	2017	Effect Of Kinesio Taping Versus Ultra Sound For Chondro Malacia Of Patella Of Knee

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
212	ORTHOPAEDICS	2017	Efficacy Of Stabilization Exercises Versus endurance Exercises In Reducing Pain And Disability In Patients With Non Specific Neck Pain
213	ORTHOPAEDICS	2017	Comparative Study Between Mulligan'S Mobilisation With Moveent & Conventional Method To Reduce Pain In Osteoarthritis Of Knee
214	ORTHOPAEDICS	2017	A Comparative Study To Evaluate The Effectiveness Of Supervised Exercise Program And Cyriax Physiotherapy In Patients With Tennis Elbow
215	ORTHOPAEDICS	2017	Effectiveness Of Myofascial Release Technique Along With Eccentric Exercise Training On Pain And Functioning In Subjects With Chronic Epicondylitis
216	ORTHOPAEDICS	2017	Efficacy Of Pilates And Lumbar Extensor Strengthening Exercises On Non-Specific Chronic Low Back Pain - A Randomized Trial
217	ORTHOPAEDICS	2017	Effectiveness Of Gong'S Mobilization On Pain And Shoulder Abduction Mobility In Adhesive Capsulitis
218	ORTHOPAEDICS	2017	Short Term Effects Of Soft Tissue Release Technique On Pain And Disability In Patients With Plantar Fasciitis
219	ORTHOPAEDICS	2017	A Comparative Study On Effectiveness Of Neuromuscular Training And Proprioceptive Neuromuscular Facilitation Technique On Pain, Strength And Function In Knee Osteoarthritis
220	ORTHOPAEDICS	2017	Compare The Effectiveness Of McKenzie Exercises Versus Core Training In Subjects With Non Specific Low Back Pain
221	ORTHOPAEDICS	2017	A Study On Effectiveness Of Ultrasound Therapy In Combination With Manual Therapy And Shoulder Exercise For Sub Acromial Impingement Syndrome
222	ORTHOPAEDICS	2017	A Study To Compare The Effect Of Mulligan'S Mobilization Over Maitland'S Mobilization In Subjects With Tibiofemoral Osteoarthritis

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
223	ORTHOPAEDICS	2017	A Study To Assess The Effectiveness Of Myofascial Release And Stretching Versus Ultrasound In The Treatment Of Hronic Plantar Fascitis - A Comparative Study
224	ORTHOPAEDICS	2017	Efficacy Of Therapeutic Ultrasound Laser And Ischemic Compression For Myofacial Pain Of Upper Trapezius
225	ORTHOPAEDICS	2017	A Study To Analyse The Immediate Effect Of Subscapularis Mobilization On Glenohumeral Range Of Motion In Patients With Periarthritis Shoulder
226	ORTHOPAEDICS	2017	A Comparitive Study On Immediate Effects Of Manipulation Versus Mobilisation On Pain & Rom In Mechanical Neck Pain
227	ORTHOPAEDICS	2017	To Compare The Effectiveness Of Maitland Versus Mulligan Mobilization In With Idiopathic Adhesive Capsulitis Of Shoulder
228	ORTHOPAEDICS	2017	Efficacy Of Open Kinematic Chain Exercises Versus Closed Kinematic Chain Exercises On Functional Outcome After Acl Reconstruction Surgery
229	ORTHOPAEDICS	2017	Comparative Study Of Pre And Post Operative Pt Intervention Versus Post Operative Intervention In Improving Functional Activities Of Total Knee Arthroplasty
230	ORTHOPAEDICS	2017	Efficacy Of Muscle Energy Techniques As An Adjunct With Mulliga'S Mobilization In Adhesive Capsulitis Of Shoulder
231	ORTHOPAEDICS	2017	Immediate Effects O F Kinesiotaping And Ischaemic Compression Therapy In Treating Myofascial Trigger Points In Upper Trapezius: A Randomised Controlled Trail
232	ORTHOPAEDICS	2017	Comparision Of Proprioceptive Neuromuscular Facilitation Stretching And Dynamic Soft Tissue Mobilization On Hamstring Flexibility In Knee Osteoarthritis
233	ORTHOPAEDICS	2017	Body Balance Evaluation In Osteopenic And Osteoporotic Elderly Women

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
234	ORTHOPAEDICS	2017	The Effectiveness Of Isometric Contractions Combined With Eccentric Contraction In Lateral Epicondylitis On Grip Strength And Pain
235	ORTHOPAEDICS	2017	Immediate Effects Of Mulligan'S Mobilisation With Movement (Mwm) With And Without Taping In Patients With Osteoarthritis Of Knee
236	ORTHOPAEDICS	2017	Efficiency Of Weight Bearing In Distal Tibiofibular Joint Mobilization With Movement In Improving Range Of Motion And Reducing Pain In Patients With Acute Lateral Ankle Sprain
237	ORTHOPAEDICS	2017	A Comparative Study Of Supervised Exercise And Manual Therapy Versus A Home Exercise In Osteoarthritis Of The Knee
238	ORTHOPAEDICS	2017	The Comparative Study Close Kinetic Chain Exercises And Open Kinetic Along With Moist Heat Packs In Treatment Of Knee Osteo Arthritis
239	ORTHOPAEDICS	2017	A Stuedy To Find The Effectiveness Of Mulligan Manipulation Versus Mobilisation In Periarthritis Shoulder -A Comparitive Study
240	ORTHOPAEDICS	2017	Effectiveness Of Taping Techniques Verses Trigger Point Release Of Pain And Functional Activities In Chronic Low Back Pain
241	ORTHOPAEDICS	2017	A Study To Find The Effectiveness Of Neuro Muscular Electrical Stimulation To Improve Quadriceps Muscle Strength After Tatal Knee Arthroplasty - An Experimental Study
242	ORTHOPAEDICS	2017	A Study To Find The Effectiveness Of Taping Versus Stretching In Plantar Fasciitis
243	ORTHOPAEDICS	2017	Comparitive Study Between Therapeutic Effects Of Ultrasound Over Ice In Exercise Induced Delayed Onset Of Muscle Soreness (Doms) In Normal Individuals
244	ORTHOPAEDICS	2017	Efficacy Of A 6 Weeks Supervised Exercise Program On Quadriceps Performance And Functional Ability In Patients Of Hemophilia-A With Hemophilic Arthritis

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
245	ORTHOPAEDICS	2017	Effectiveness Of Mobilization With Movement Vs Mills Manipulation In Reducing Pain And Improving Functionality In Patients Of Lateral Epicondylalgia
246	NEURO	2017	Efficacy Of Epleys Maneuver, Half Somersault Maneuver And Semont Maneuver For The Treatment Of Posterior Canal Benign Paroxysmal Positional Vertigo
247	NEURO	2017	The Effectiveness Of Oropharyngeal Exercise And Electrical Stimulation On Post Stroke Dysphagia
248	NEURO	2017	A Comparitative Study Between Physio Ball Exercises And Pnf Techniques On Trunk Impairments And Gait Parameters In Acute Stroke Subjects
249	NEURO	2017	A Comparative Study Between The Effects Of Bobath Approach And Constraint Induced Movement Therapy On Upper Extremity Function In Left Middle Cerebral Artery Stroke Subjects
250	NEURO	2017	A Comparative Study To Find Efficiency Of Sit And Reach Test Versus Trunk Control Test In Predicting Mobility Of Patients Recovering From Acute Stroke Injury
251	NEURO	2017	The Effectiveness Of Modified Proprioception Neuro Muscular Repeated Facilitation In The Improvement Of Upper Extermity Motor Function With Stroke Subject
252	NEURO	2017	Effectiveness Of Graded Repetitive Arm Suplimentary Program (Grasp) On Upper Limb Functional Outcomes In Acute Stroke Patients
253	NEURO	2017	Effectiveness Of Functional Strenght Training On Lateral Step Up Test And Timed Up Go Test In Spastic Diplegic Cerebral Palsy Children
254	NEURO	2017	Effectiveness Of Task Oriented Exercises On Balance And Functional Mobility In Ambulant Hemiplegic Stroke Patients
255	NEURO	2017	To Study The Relation Between Impairments And Activity Limitation Of Spastic Diplegic Patterns

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
256	NEURO	2017	Effect Of Taping As An Adjunct To Conventional Physiotherapy In Improving Scapular Stability And Upper Limb Function In Subjects With Acute Hemiplegic Stroke
257	NEURO	2017	Efficacy Of Weight Shift Training Programme In Improving Trunk Control And Balance In Subjects With Acute Hemiparetic Stroke
258	NEURO	2017	Effectiveness Of Supervised Fitness And Mobility Exercise (Fame) Program On Cardio Respiratory Fitness, Balance And Mobility In Sub - Acute Stroke
259	NEURO	2017	Efficacy Of Organised Motor Imagery Techniques And Locomotion In Patients With Acute Stroke
260	NEURO	2017	A Study To Analyse The Effect Of Functional Hand Orientation Exercises For Successful Performance Of Adl In Stroke Patients
261	NEURO	2017	Effect Of Mirror Therapy On Walking Ability And Lower Extremity Motor Functioning In Subjects With Acute Stroke
262	NEURO	2017	Effect Of Strength Training On Normalizing The Tone And Strength Of Spastic Elbow Flexors In Subjects With Stroke
263	NEURO	2017	Efficacy Of Neurodynamics On Nerve Conduction Velocity Test In Patients With Carpal Tunnel Syndrome
264	NEURO	2017	Comparision Of Constraint Induced Movement Therapy And Mirror Therapy In Improving The Hand Dexterity In Patients With Sub-Acute Stroke
265	NEURO	2017	Effectiveness Of Motor Control Therapeutic Exercise Program Combined With Motor Imagery For Chronic Low Back Pain
266	NEURO	2017	Mental Imagery (Mi) Vs Graded Repetitive Arm Supplementary Program (Grasp) On Upper Extremity Function In Sub-Acute Stroke Patients

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
267	NEURO	2017	The Effect Of High Tens Versus Cryotherapy For Reducing Wrist Flexor Spasticity In Cerebral Palsy
268	NEURO	2017	Effectiveness Of Multi-Sensory Stimulation Approach On Sensory Nerve Conduction Velocity Of Sural Nerve In Diabetic Neuropathy
269	NEURO	2017	Effectiveness Of Treadmill Training On Gait Control In Elderly People
270	NEURO	2017	Comparative Study Of Tanzberger Exercises Vs Plinth Exercises In Women With Stress Urinary Incontinence
271	NEURO	2017	Effectiveness Of Neural Mobilization Reducing Pain In Lumbar Radiculopathy Patients
272	NEURO	2017	Effectiveness Of Median Nerve Mobilization In Improving Functional Outcome In Carpal Tunnel Syndrome - A Comparative Study
273	NEURO	2017	Effect Of Maintenance Exercises And Functional Training On Motor Control And Physical Fitness After Stroke
274	NEURO	2017	A Study To Find Out The Effectiveness Of Neuro Muscular Training Versus Strength Training In Improving Balance, Proprioception And Muscle Strength After ACL Reconstruction
275	NEURO	2017	Comparative Efficacy Of Progressive Resisted Exercises With And Without Ground Walking In Improving Strength And Physical Performance In People With Chronic Mild To Moderate Post Stroke Hemiparesis
276	NEURO	2017	A Study To Find The Effectiveness Of Centered Task Oriented Approach Improving Upperlimb Functions In Chronic Stroke Patients
277	NEURO	2017	Reliability To Triple Spasticity Scale For Measuring Spasticity In Cerebral Palsy Children

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
278	CARDIO	2017	Effects Of Progressive Relaxation Exercises And Aerobic Exercise Training On Dyspnea And In Exercise Tolerance On Pulmonary Artery Hypertension Patients A Comparative Study
279	CARDIO	2017	A Comparative Study Between The Various Body Position On Peak Expiratory Flow Rate In Normal And Cabg Patients
280	CARDIO	2017	Efficiency Of Nuro-Muscular Electrical Stimulation On Exercise Tolerance In Subjects With Chronic Obstructive Pulmonary Diseases
281	CARDIO	2017	Comparison Of Ground Walk Training With Cycle Training In Improvement Of Functional Exercise Capacity In People With Copd
282	CARDIO	2017	An Evaluation Of Efficacy And Reproducibility Of Two Clinical Methods - Visual Analog Scale And Modified Borg'S Scale To Rate Dyspnea In Patients With Asthma -A Comparative Study
283	CARDIO	2017	Comparision Of Ground Walk Training With Cycle Training In Improvement Of Functional Exercise Capacity In People With Copd
284	CARDIO	2017	Comparative Study To The Effect Of Inspiratory Muscle Training Versus Breathing Exercises On Bode In Copd Subjects
285	CARDIO	2017	Blood Pressure Response To A Sumaximal Exercise Testing In Normotensive Young Women With And Without Parental Histry Of Hypertension
286	CARDIO	2017	To Know The Effectiveness Of Incentive Spirometry Versus Deep Breathing Exercise To Improve Fev1, O2 Saturation And Dyspnoea In Cardiac Valve Replacement Surgery
287	CARDIO	2017	Effectiveness Of Aerobic Exercise Versus Jacobson'S Relaxation Technique On Blood Pressure And Lipid Profile In State - 1 Hypertensives
288	CARDIO	2017	A Study To Analyse The Effect Of Low Intensity Aerobic Exercise On Blood Pressure In Elderly Hypertensive Patients

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
289	CARDIO	2017	The Studing Find The Effectiveness Of Active Cucle Breathing Techniques Versus Diaphragma Breathing Techniques In Pulmonary Patients
290	CARDIO	2017	The Efficacy Of Group Based High Intensity Aerobic Interval Exercises Vs Moderate Contiuous Exercise On Patients With Chronic Heart Failure
291	CARDIO	2017	Effectiveness Of Chest Resistance Exercises And Chest Expansion Exercises On Respiratory Function And Trunk Control Ability In Stroke Pateints
292	CARDIO	2017	Cardiovascular Response Of Fullerton Fitness Tes In Elderly Adults-An Experimentasl Sudy
293	CARDIO	2017	Cardio Vascular Response To Core Stability Excercises In Healthy Individuals: A Prospective Study
294	CARDIO	2017	A Study To Findout The Effect Of Diaphragmatic Breathing On Lung Function In Individuals With Allergic Rhinitis
295	CARDIO	2017	Role Of Physiothrapy Techniques For Pleural Effusion In Adult Intensive Care Unit
296	CARDIO	2017	A Study To Find Out The Effectiveness O F Arm'S Erometry With Breathing Training And Flutter Device For Patients The Copd
297	CARDIO	2017	Effectiveness Of Breathing Instructions In Normal Female Individuals On Blood Pressure Response During Resistance Exercises
298	CARDIO	2017	To Compare The Conventional Chest Physiotherapy Vs Other Airwayclearence Technique In Patinets Who Under Went Cabg-A Randomized Study
299	CARDIO	2017	To Study The Long Term Effect Of Multiple Sessions Of Acu-Tens On Dyspnoea In Copd Patients: An Experimental Study

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
300	CARDIO	2017	Effect Of Aerobic Exercises And Acbt On Dyspnoea In Patients Suffering With Copd-A Comprative Study
301	SPORTS	2017	Effectiveness Of Neuomuscular Training Performance On Star Excursion Balance And Agility In Young Male Basket Ball Players
302	SPORTS	2017	Effectiveness Of Stretching And Longitudinal Friction Massage Combined With Spray Technique In The Management Of Patients With Tennis Elbow
303	SPORTS	2017	The Effectiveness Of Mobilization With Movement (Mwm) And Corrective Exercises In Humeral Head And Scpular Position Among Swimmers With Sick Scapula Syndrome
304	SPORTS	2017	A Comparitive Study On Eccentric Decline Squat Exercise Verses Standard Squat Exercise In Patellar Tendinopathy On Volleyball Players
305	SPORTS	2017	A Comparitive Study On The Effectiveness Of Decline Squat Exercise And Step Suqat Exercise In Athletes With Patellar Tendiopathy
306	SPORTS	2017	A Study To Analyse The Effectiveness Of The Cyriax Versus Mulligan'S Manual Technique In The Management Of Lateral Epicondylitis
307	SPORTS	2017	Efficacy Of Mcconnell Taping Over Kinesio Taping In Long Distance Runners With Patello Femoral Pain Syndrome
308	SPORTS	2017	Effectiveness Of Ameda Step (Active Movement Discrimination Apparatus) And Amea Stand On Joint Propriception In Footballplayers With Recurrent Ankle Instability
309	SPORTS	2017	Effectiveness Of Static Versus Dynamic Stretching In Warm Up To Improve Skilled Related Fitness Among Basketball Players
310	SPORTS	2017	A Comparative Study To Evaluate The Effectiveness Of Phonophoresis Versus Transcutaneous Electrical Nerve Stimulation (Tens) On Individuals With Achilles Tendinitis

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
311	SPORTS	2017	Effectiveness Of Muscle Energy Technique Vs Sleeper Stretch For Glenohumeral Internal Dificit-A Comparative Study
312	SPORTS	2017	Effect Of Muscle Energy Technique On Flexibility Of Hamstring And Cale Muscles And Sprinting Performance In Sprinters
313	CARDIO	2018	A Comparative Study On Effect Of Autogenic Drainage Ad Active Cycle Of Breathing Techniques On Pylmonary Function In Patient With Chronic Obstructive Pulmonary Disease
314	CARDIO	2018	Comparative Study On Effects Of Treadmill And Ergocycle Exercise On The Functional Capacity And Quality Of Life Of Patients With Chronic Bronchitis
315	CARDIO	2018	Comparitive Study Of Effectiveness On Aerobic Exercises On Systolic And Diastolic Blood Pressure On Hyper Tensive Patients
316	CARDIO	2018	To Test The Efficacy Of Acetic Acid Iontophoreseis At Costo-Vetebral Junction And Chest Expansion Exercises In Increasing The Chest Expansion And Vital Capacity In Patient With Ankylosing Spondylitis
317	CARDIO	2018	Efficacy Of Autogenic Drainage And Postural Drainage On Oxygen Saturation & Dyspnea In Chronic Bronchitis
318	CARDIO	2018	Single Limb Exercises In Patients With Chronic Obstructive Pulmonary Diseases
319	CARDIO	2018	Efficacy Of Chest Physiotherapy In Postoperative Abdominal Surgeries In Reducing Pulmonary Complications
320	CARDIO	2018	A Study To Find Out The Effectiveness Of Short Duration Aerobic Exercises In Controlling Blood Pressure And Heart Rate In Young Mild Hypertensive Subjects
321	CARDIO	2018	A Study To Find Out The Effectiveness Of Short Duration Aerobic Exercises In Controlling Blood Pressure And Heart Rate In Mild Hypertensive Subjects

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
322	NEURO	2018	Comparison Of Fast Muscle Activation And Stepping Training (Fast) Versus Treadmill And Overgroundwalking Program In Improving Balance And Mobility In Sub-Acute Stroke Patients
323	NEURO	2018	A Comparative Study To Find The Efficiency Of Sit And Reach Test Versus Trunk Control Test In Predicting Mobility Of Patients Recovering From Acute Stroke Injury
324	NEURO	2018	Analyse The Relation Between Motor Function Balance And Activities Of Daily Living In Chronic Stroke Patients
325	NEURO	2018	The Effect Of Passive Stretching On The Spasticity Of Ankle Plantar Flexor Muscles In Hemiplegia
326	NEURO	2018	Increasing Lung Volumes And Capacity In Chronic Obstructive Pulmonary Disease (COPD) Using PNF
327	NEURO	2018	Effectiveness Of A Vestibular Rehabilitation Protocol To Improve The Health-Related Quality Of Life And Postural Balance In Patients With Vertigo
328	NEURO	2018	A Randomized Comparison Of Effectiveness Of Constraint-Induced Movement Therapy Versus Conventional Physiotherapy On Upper-Extremity Dysfunction In Treatment Of Hemiplegic Cerebral Palsy
329	NEURO	2018	Effect Of Neuromuscular Electrical Stimulation Wrist Extension And Hand Function In Chronic Hemiplegia
330	NEURO	2018	Effect Of Neural Motor Deficit Of Stroke Patients
331	NEURO	2018	Comparison Of Constrained Induced Movement Therapy And Electrical Stimulation In Preventing Learned Non-Use Of Upper Limb In Obstetric Erb's Palsy
332	ORTHOAEDICS	2018	Effectiveness Of Kinesiological Taping And Conventional Therapy In Patients With Acute Secondary Shoulder Impingement Syndrome

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
333	ORTHOPAEDICS	2018	A Comparative Study To Find Out The Effects Of Stabilization Exercises And Endurance Exercises In Reducing Pain And Disability In Patients With Neck Pain
334	ORTHOPAEDICS	2018	Effectiveness Of Core Muscle Stabilization Exercises Along With Conventional Physiotherapy Versus Conventional Physiotherapy In Mechanical Low Backache
335	ORTHOPAEDICS	2018	Effectiveness Of Active Release Technique & Myofascial Release Technique On Pain & Functional Performance In Patients With Chronic Lateral Epicondylitis
336	ORTHOPAEDICS	2018	A Study To Find Out Effectiveness Of Proprioceptive Neuro Muscular Facilitation Stretching Techniques On Hamstring Tightness In Adults
337	ORTHOPAEDICS	2018	Effect Of Postural Correction Exercises On Mechanical Neck Pain In Computer Professionals
338	ORTHOPAEDICS	2018	Effectiveness Of Mulligan Mobilisation Versus Movement And Supervised Exercise Program In Subjects With Lateral Epicondylitis
339	ORTHOPAEDICS	2018	Effects Of Isolated Hip Abductor And External Rotator Muscle Strengthening On Pain, Health Status And Hip Strength Females With Patellofemoral Pain. A Randomised Control Trial
340	ORTHOPAEDICS	2018	A Comparative Study Of Mulligan Traction Straight Leg Raising And Dynamic Soft Tissue Mobilization To Increase Hamstring Flexibility
341	ORTHOPAEDICS	2018	A Study To Determine The Effectiveness Of Core Stabilization As An Adjuvant To McKenzie In Improving Outcome In Chronic Low Back Pain
342	ORTHOPAEDICS	2018	Effectiveness Of Electric Stimulation Of The Vastusmedialis Muscle In The Rehabilitation Of Patients After Total Knee Arthroplasty
343	ORTHOPAEDICS	2018	Effect Of Capsular Stretching And Capsular Stretching Along With Kaltenborn Anterior Glide Joint Mobilization On External Rotation Range Of Motion In Patients With Adhesive Capsulitis

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
344	ORTHOPAEDICS	2018	A Comparative Study To Evaluate The Effectiveness Of Tens Versus Phonophoresis In Trepezitis
345	ORTHOPAEDICS	2018	To Compare The Effectiveness Of Plyometric Exercises Program Versus Cyriax Physiotherapy In Patients With Tennis Elbow
346	ORTHOPAEDICS	2018	The Effects Of Anterior Versus Inferior Glide In Improving Functional Activity Of The Shoulder In Patients With Frozen Shoulder
347	ORTHOPAEDICS	2018	A Comparative Study Of Tens Versus Ift In Relieving Pain In Osteoarthritis Of Knee
348	ORTHOPAEDICS	2018	Balance Re-Training In Post Stroke Individual Using A Stepper
349	ORTHOPAEDICS	2018	A Study On Effectiveness Of Passive Joint Mobilization On Pain And Hypomobility Associated With The Adhesive Capsulities Of Shoulder
350	ORTHOPAEDICS	2018	The Ubtbsuve Ebd Rabge Nibilisation Versus Mobilisation With Movement Techniques In Frozen Shoulder
351	ORTHOPAEDICS	2018	Comparative Study Between Therapeutic Effects Of Traditional Ultrasound And Home Based Exercise Programme In Tennis Elbow
352	SPORTS	2018	Comparative Study Between Open Kinematic Chain And Closed Kinematic Chain Exercises In Athletes With Patellofemoral Pain Syndromein Improving The Functional Activities And Decrease Pain
353	SPORTS	2018	A Comparison Of Two Rehabilitation Programs (Post Isometric Relaxation Versus Mulligan'S Bent Leg Raise) In The Treatment Of Acute Hamstring Tightness
354	SPORTS	2018	Effectiveness Of Jump Rope Versus Weighted Jump Rope Training On Heart Rate, Anaerobic Power And Agility Of Basketball Palyers A Comparative Study

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
355	CARDIO	2019	Effects Of Inspiratory Muscle Training On Exercise Tolerance And Health Related Quality Of Life In Copd Patients - A Randomised Controlled Trial
356	CARDIO	2019	The Respiratory Muscle Training In Subjects Of High Risk Undergoing Cabg To Prevent Post Operative Pulmonary Complications
357	CARDIO	2019	Effect Of Chest Physiotherapy For Gastro – Oesophageal Reflux And Arousal In Infants With Cystic Fibrosis
358	NEURO	2019	A Comparative Study Between The Effects Of Balance Training And High Intensity Resistance Training Of Lower Limb On Balance In Parkinson’S Disease Subjects
359	NEURO	2019	The Effectiveness Of Balance Starining And Balance Training With Obstacle Ambulation On Dynamic Balance In Ambulante Stroke Patients..
360	NEURO	2019	Effectiveness Of Physical Rehabilitation In Guillia-Barre Syndrome Patients
361	NEURO	2019	Effect Of Progressive Resistance Strengthening Exercises And Electrical Stimulation On Gluteus Maximus And Quadriiceps In Cerebral Palsy Children – A Randomized Controlled Trial
362	NEURO	2019	A Study To Analyze The Effectiveness Of Functional Electrical Stimulation In Improving Motor Control Around Shoulder In Patients With Hemiplegia
363	NEURO	2019	Comparative Study Of Efficacy Of Neuro Developmental Therapy Over Conventional Therapy In Hand Function Of Spastic Cerebral Palsy Children.
364	NEURO	2019	Balance And Mobility Outcomes For Stroke Patients
365	ORTHOPAEDICS	2019	A Comparotove Study Of Stretching And Pnf Insp Dip Cp

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
366	ORTHOPAEDICS	2019	A Comparative Study On Effects Of Electrical Stimulation Of Quadriceps Versus Supervised Exercise In Patients With Tibio-Femoral Osteo Arthritis
367	ORTHOPAEDICS	2019	A Study To Compare Proprioceptive Neuromuscular Facilitation With Muscle Energy Technique In Reducing Pain & Disability In Patients With Chronic Low Back Pain
368	ORTHOPAEDICS	2019	COMparitive Study Of Hamstring And Quadriceps To Quadriceps Stregthening Treatments In The Management Of Knee -Osteoarthritis
369	ORTHOPAEDICS	2019	A Comparitive Study Between Effect Of Laser Vs Effect Of Ultrasound In Treating Tennis Elbow
370	ORTHOPAEDICS	2019	Effects Of Early Extension On The Acl Reconstructed Knee
371	ORTHOPAEDICS	2019	To Compare The Effectiveness Of Stretching With Conventional Therapy Versus Stretching With Eccentric Or Conventric Strengthening In Dcreasing Pain Aand Improveing Function In Subjects With Lateral Epicondylitis
372	ORTHOPAEDICS	2019	Role Of Physiotherapy (Mckenzie Technique And Neural Mobilization Technique) Related To Orthopaedic Condition Specificity To Lumbar Spondylosis With Radiculoapathy
373	ORTHOPAEDICS	2019	Comparision Of Different Methods Of Application Of Taping Techniques In Tennis Elbow
374	ORTHOPAEDICS	2019	Effect Of Anterior Glide Joint Mobilization And Capsular Strecthing On External Rotation Range Of Motion Patients With Adhesive Capsulitis
375	ORTHOPAEDICS	2019	Comparison Of Exercise Therapy And Electrotherapy In The Treatment Of Shoulder Impingement Synrome
376	ORTHOPAEDICS	2019	Comparison Of Efficacy Of Kaltenborn And Mulligan Mobilization To Improve The Abduction Range In Periarthritis Of Shoulder

## Master of Physiotherapy DISSERTATION TOPICS year 2016 to 2019

Sl. No.	SPECIALITY	Year	TITLE OF DISSERTATION
377	ORTHOPAEDICS	2019	Efficacy Of Ultrasound Versus Low Level Laser Therapy With Maitland'S Mobilisation In Management Of Adhesive Capsulitis.
378	SPORTS	2019	A Study Of Effects Of Electrotherapy Verses Prograssive Strengthening Exercis In Lateral Epicondilitis
379	SPORTS	2019	Effect Of Lowdye And Double- X Taping On Navicular Drop Among Cricket Players With Flat Foot
380	SPORTS	2019	A Comparative Study To Evaluate The Effectiveness Of Lowlevel Laser And Diamond Taping Versus Plyometric Exercises In The Treatment Of Lateral Epicondylitis.
